WORK EXPERIENCE

Software Developer (Desktop & Mobile)

Praetorian Intelligence Inc - 31 Months

- Developed cross-platform mobile applications using Flutter, specializing in front-end development in collaboration with UI/UX designers and backend developers.
- Managed data queries to support application functionality and ensure seamless communication between front-end and backend systems.

Software Developer (Desktop) Intern

PhilHealth LHIO - 3 Months

- Developed two Visual Basic application systems for PhilHealth LHIO Talisay, Camarines Norte. The systems were designed for inventory management, reporting, client membership, and request processing.
- The primary system was developed in collaboration with a team, where I was responsible for the front-end development, working closely with a UI/UX designer and backend developer. The second system was developed as a full-stack application, where I handled both the front-end and back-end development while collaborating with a designer for the user interface.

EDUCATION

Camarines Norte State College | 2019-2023

Bachelor of Science in Information Technology

- Dean's Lister

Labo Science and Technology High School | 2017-2019

Science, Technology, Engineering, Mathematics (STEM)
